

Combi can

Our redesigned Combi Can enables you to refuel quickly without splash effects or any waste. In addition, the sizes of the two containers has been adjusted to achieve an optimized fuel and chain oil ratio (5.0 / 2.5 litres). Also, the new Combi Can has an integrated tool box for frequently needed tools and spare parts, which allows you to keep on working. Approved in accordance with UN recommendations.

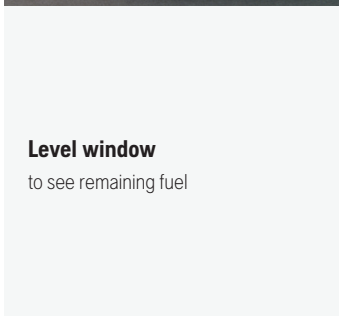

Date marking

Date marking placed on the bottom of the can.

Overfill protection

When the tank is full, the flow is cut off automatically and you can lift up the can without spilling.

Level window

to see remaining fuel

Mechanical lock

The spouts has a mechanical lock to prevent unexpected opening and leakage.
