

Husqvarna R 420TsX AWD

A compact, high-performance All-Wheel-Drive Rider with powerful Kawasaki V-twin Engine and power steering that easily manages large, tight and hilly areas. The unique XChange attachment frame allows you to change attachment quickly and without the use of tools. Thanks to Bluetooth connectivity, you easily monitor your Rider with the Husqvarna Connect app. Equipped with Dual LEDlights, Turn Key Start, adjustable steering wheel and a convenient luggage rack, R 420TsX AWD is an excellent choice for private estate owners, sports facilities and hotels with large areas to maintain year-round. Delivered deckless.

XChange

Unique quick coupling allows attachments to be changed quickly and easily without the need for any tools. Get ready for a new task in just a minute.

Kawasaki FS-series

Kawasaki V-twin, overhead-valve engine with full pressure lubrication and spin-on oil filter. Combines exceptional power and torque with fuel efficiency and reduced emissions.

All-Wheel-Drive (AWD)

All-Wheel-Drive (AWD) ensures traction on uneven, wet and slippery areas and slopes. AWD automatically adjusts the traction on all wheels depending on situation and ground condition.

Power steering

Power steering makes driving less strenuous and more enjoyable.

FEATURES

- All-Wheel Drive secure traction on all areas
- Commercial grade OHV-engines by Kawasaki
- Easy and quick exchange of attachments in just a minute and without any tools
- Power steering makes more enjoyable drive
- HMI Display for real time updates on your Rider's status
- Dual LED lights for improved visibility, both near and remote.
- 595084001 mode for frequently cut areas
- Accessories for versatile year-round usage
- Service position for easy deck maintenance
- Turn key start
- Pedal-operated hydrostatic transmission
- Pivoting support wheels on the cutting deck
- Pivoting rear axle for maximum traction
- Adjustable seat, while seated
- All controls collected on a control panel
- Easy and toolless adjustment of the steering wheel
- Steering wheel with defined grip areas and knob
- Practical cargo holder for extra equipment
- Oil-cooled hydraulic system
- Double 12V socket outlet for electric equipment
- Floating cutting deck for reduced risk of scalping
- Comfortable high-back premium seat
- Improved performance by hydraulic tool lift
- Easy-access cutting height lever
- Comfortable driver's position
- Easy-access controls for user comfort
- Engine behind driver for better overview
- Equally sized wheels for a comfortable ride
- Front-mounted deck for optimum accessibility
- With the smart Husqvarna Connect app, you'll have easy access to tips, manuals and spare part recommendations. The app also provides additional information such as runtime and charging status as well as maintenance and service needs. Not yet available on all markets.

Technical specifications	
BATTERY	
Battery capacity	24 Ah
Battery manufacturer	Global
Battery pack weight	7 kg
Battery type	Lead/Acid
Battery voltage	12 V
Quantity of batteries/battery pack	1 pcs
DIMENSIONS	
Article gross weight	385000 g
Article net weight	316000 g
Base machine, height	117.8 cm
Base machine, length	206.6 cm
Base machine, width	96.4 cm
Ground clearance	110 mm
Gross weight towed	150 kg
Tyre dimensions, front	200/65–8
Tyre dimensions, rear	200/65–8
Weight	316 kg
Weight (excl. cutting equipment)	325.2 kg
Wheelbase	95.8 cm
ENGINE	
Cylinder displacement	726 cm ³
Cylinders	2
Electric start	Yes
Engine cooling	Fan/Air
Engine lubrication type	Full pressure
Engine name	FS Series V-Twin
Motor/engine manufacturer	Kawasaki
Motor/engine model	FS651V
Spark plug	NGK BPR4ES
EQUIPMENT	
12V outlet	Yes
Air filter type	Dual element
All-Wheel Drive (AWD)	Yes
Blade engagement	Electromagnetic clutch
Blades	3 pcs
