

POWER CUTTERS

HUSQVARNA K 4000

Art.no: 967 07 98 01

This electric all-round cutter minimises the amount of water and slurry. Unlike other electric cutters, the blade rotates forward, cutting into the material efficiently with minimum effort on the operator. K 4000 is easily adaptable for dry cutting with the Vac attachment accessory for minimal dust generation.

FEATURES

Perfect for indoor use

A powerful electric cutter for both indoor and outdoor use.

Overload protection

Our Elgard system protects against overload by varying the rotation speed.

High durability and low noise levels

Generously dimensioned mitre gear provides high durability, minimal power loss and low noise levels.

"Pulling" rotation

The blade on all our electric cutters rotates forward, cutting into the material efficiently, minimising the risk of sticking and kickbacks.
