

Husqvarna PP 492

With Husqvarna PP 492 electric power pack you can power your large wall sawing system Husqvarna WS 400 series, including the wire saw Husqvarna CS 10 and wall saw attachment WSC 40, as well as your Husqvarna PRIME™ handheld power cutters and drill motor. This means more work done with less equipment. This product is available for the Nordic countries. For rest of the world in Q3/Q4. Contact a sales representative for more information.

Minimum slurry

Automatic water valve minimizes the soiling of water and slurry.

Compatible with the PRIME™ product range

PP 492 is designed to be used with PRIME™ handheld tools and drillmotor in addition to WS 400 series in order to help you on site. For instance when cutting a door opening, this modular system can handle both wall saw cuts and over cuts.

Flexible and efficient

Thanks to that multiple products can use the same power pack, you will increase your efficiency. You will need less machines at the job site and it will be faster to set up all machines on one power pack.

A powerful high frequency power pack

A powerful high frequency power pack providing fast and accurate adjustment for each operating condition.

FEATURES

- Flexible and efficient
- Compatible with the PRIME™ product range
- Automatic water valve minimizes the soiling of water and slurry.
- A powerful high frequency power pack
- Adaptive regulation of software
- Power pack unit separated from the cutting equipment

Technical Specifications

MOTOR	
Rated current (3 phase)	32 A
Voltage	380–480 V
DIMENSIONS	
Product size length	680 mm
Product size width	205 mm
Product size height	422 mm
Weight	25.8 kg
OTHER	
Water flow, min	3.5 l/min
Water pressure, max	7 bar
Water temp at min flow, max	25 °C
PACKAGING	
Packaging length	600 mm
Packaging width	800 mm
Packaging height	730 mm
Packaging volume	350.4 dm ³
