

HUSQVARNA K1 PACE RAIL

A BATTERY POWER CUTTER FOR RAIL CUTTING WITH ZERO EMISSIONS DURING USE

Cutting a rail track requires power, precision and speed. The K1 PACE Rail delivers all this and more with the freedom of battery power by combining efficiency and a powerful motor with new advances in technology. The X-Halt™ brake function gives you greater operational safety and the excellent power-to-weight ratio provides optimal balance. The K1 PACE RAIL is specially designed for work on railways, tram tracks and metro systems. It cuts fast and straight, the attachment mounts quickly to the rail and the double attachment mountings allow you to cut from any direction.

FEATURES

CUTTING FROM BOTH SIDES

The RA 11 attachment is included as standard and allows cutting from both sides of the track.

PERFECT RIGHT-ANGLED CUTS

The RA 11 attachment fastens to the track to ensure a perfect right-angled cut.

ZERO CO₂ EMISSIONS DURING USE

Enjoy the freedom of working with an electric machine.

SAFE OPERATION

The X-Halt™ blade brake function is capable of stopping the rotation of the blade in fractions of a second.
