

### Robotic Lawn Mowers

## GB, IE

Husqvarna Automower® 315 Mark II is an easy-to-use robotic lawn mower suitable for lawns up to 1500 m<sup>2</sup>. Thanks to the compact 4-wheel design, you can trust it to deliver perfect results on both slopes with a 40% incline and in narrow passages. The mower is easy to clean and features a frost guard and weather timer, which adjusts cutting times to suit the season and interrupt the mowing schedule in the event of frost. This means that no unnecessary grass wear occurs. In addition, the mower switches to systematic mowing mode in narrow passages to reduce the number of turns and minimise wheel tracks. With the Automower® Connect app, you can both monitor and manage the mower conveniently with your smartphone.

## Cutting System

GB, IE	
Cutting system	3 pivoting razor blades
Cutting height max	50 mm
Cutting height min	20 mm
Cutting width	22 cm
Cutting height adjustment	Manual
Skid plate	Yes
Dual cutting direction	Yes

## Capacity

GB, IE	
Area capacity	1,500 m <sup>2</sup>
Maximum slope performance at boundary	9 °
Maximum slope performance at boundary	15 %
Maximum slope performance inside installation	40 %
Max active time	24 h
Follow guide	1
Charging system	Automatic

## Product data

GB, IE	
--------	--

GTIN-13/EAN	7392930730151
