

Battery equipment

500W battery charger EU

Husqvarna 40-C500X charger is an efficient fast charger optimised for rapid charging of batteries within the flexible Husqvarna BLi-X 36V battery system. With 500W charging power and ActiveCool, an active air cooling system with integrated fans, the 40-C500X enables fast charging without the need of time-consuming cooling periods. The charger can either be placed on a desk or shelf or easily be mounted to the wall, using a wall-mount bracket which is available as an accessory.
