HUSQVARNA | PROFESSIONAL BATTERY

40-B330X

Powerful 36 V, 9 Ah battery built for demanding professional work — all day, in all weather.

Fits all professional Husqvarna 36 V BLi-X products

9 Ah	324 Wh	36 V	1.9 kg
battery capacity	**battery energy**	**BLi-X system**	**weight**
lithium-ion	for long workdays	all pro 36 V tools	excellent weight-to-capacity

The Husqvarna 40-B330X is a powerful 36 V battery with 9 Ah capacity and 324 Wh of energy, designed for demanding professional applications. Like all Husqvarna BLi-X batteries, it uses state-of-the-art cell technology for an excellent weight-to-capacity ratio, and it fits every professional Husqvarna 36 V product — from brushcutters and chainsaws to hedge trimmers, pole saws and blowers such as the 530iB. The ActiveCool system cools the battery during both operation and charging to keep crews productive in hot conditions, while the robust IPX4-rated design stands up to Singapore's rain all year round.

KEY FEATURES

ActiveCool
Active cooling during both charging and discharging keeps the battery fully productive in demanding, hot conditions and prolongs battery life.

Intuitive user interface
Clear LED charge indicator for an easy, at-a-glance status overview.

Flexible BLi-X battery system
One battery platform across the professional Husqvarna 36 V range — share batteries between tools and scale capacity to the job.

Weatherproof (IPX4)
Meets the IPX4 water-resistance classification for reliable, year-round use in all weather.

Temperature indicator
An LED warns when the battery is outside its allowed temperature range, so you know when to let it cool down or warm up.

Good grip and visibility
Grippy side clips make the battery easy to handle, and orange design details make it easy to spot on site.
